

Chevron Intern Housing Program

From Sorell Williamson, Chevron Intern Program Specialist

Intern season is right around the corner which means we are busily preparing for the interns' arrival. While this is an exciting time for many of us, it can be overwhelming to many of our incoming interns; an exciting summer opportunity that can lead to a return offer, new location, and new friends.

Many of you who were former interns are all too familiar with the daunting task of moving to a new location AND finding short term housing for the duration of the internship which is why I am reaching out to you in hopes that you, or someone you know here at Chevron, would be willing to help.

If you have space available in your home, please consider renting a room to an intern for the summer. All interns receive a housing stipend which is intended to offset the cost of summer housing. In most instances, this stipend can cover the cost of room rental.

If interested, I will send you the link and the instructions to the intern housing portal so that you can post your room rental, similar to our Chevron classified ads. The intern will pay you directly.

We are hosting interns in the following locations:

| | |
|-----------------|--------------------|
| Bakersfield, CA | Pascagoula, MS |
| El Segundo, CA | Moon Township, PA |
| Richmond, CA | Houston, TX |
| San Ramon, CA | Midland, TX |
| Covington, LA | Salt Lake City, UT |

Feel free to pass along this email to any of your colleagues who may have interest, and please contact [Sorell Williamson](#) for more information.
